

Kyeongmin Lee Erin Lee 이경민, M.Arch

Architect / Project Manager

Strong in pattern recognition, conceptualization, and causal analysis. Prioritizes effective communication and teamwork to achieve optimal outcomes. Possesses a talent for visualizing projects on a large scale, identifying underlying factors, and comprehending metaphysical concepts. Driven by a natural curiosity and acute powers of observation, developed a refined sense of aesthetic and beauty. Brings expertise in various design disciplines, including architecture, concept design, 3D design, and landscape design, as well as project management.
